Fw: SpectraWatt company site visit next week

Do you know if Texas sounds right for the Severn Trent lab you mentioned?

RE: FW: SpectraWatt company site visit next week

John,

From a former life and position and many years less in age, I worked for Severn Trent in contract operations. It was when they had just

purchased three firms in the same time period and were merging them into one. At the time, one of the firms purchased had had a large lab facility in Texas. I don't recall what city, but does that sound familiar to your people? I appreciate all your assistance more than words can say.

No matter what the firm does, I want to be able to test for PFOA since I learned not to trust a profit-making industry's words at face value. Someone from EPA I think got that through to me!! Thanks.
